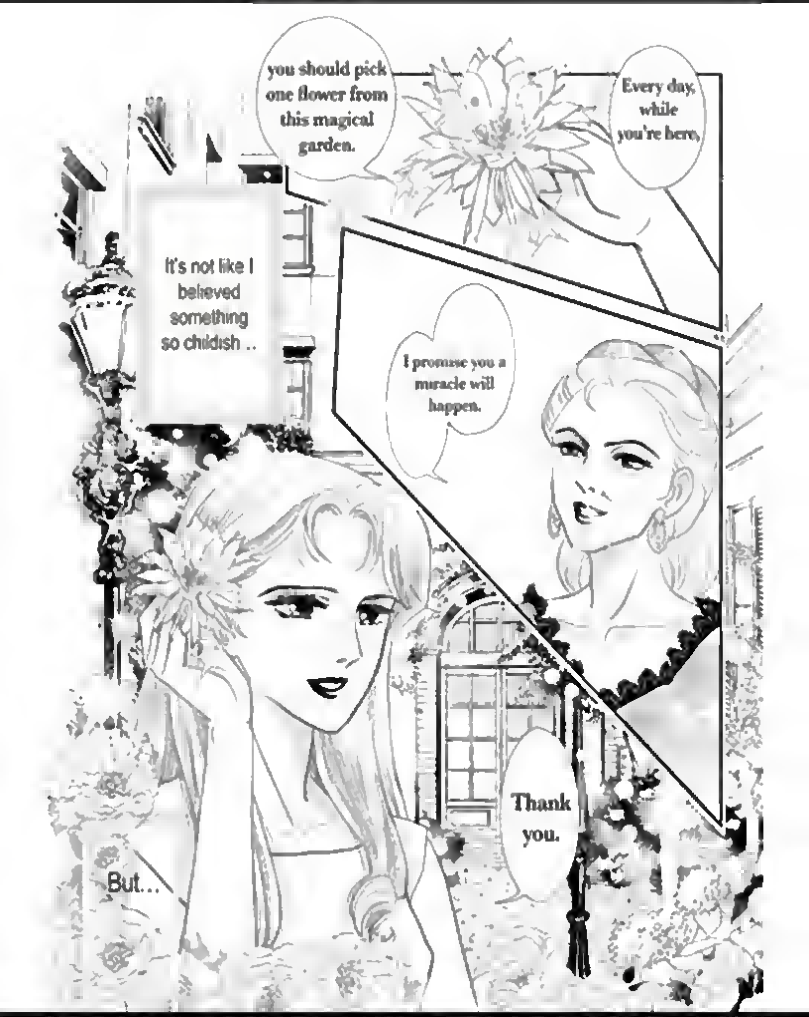
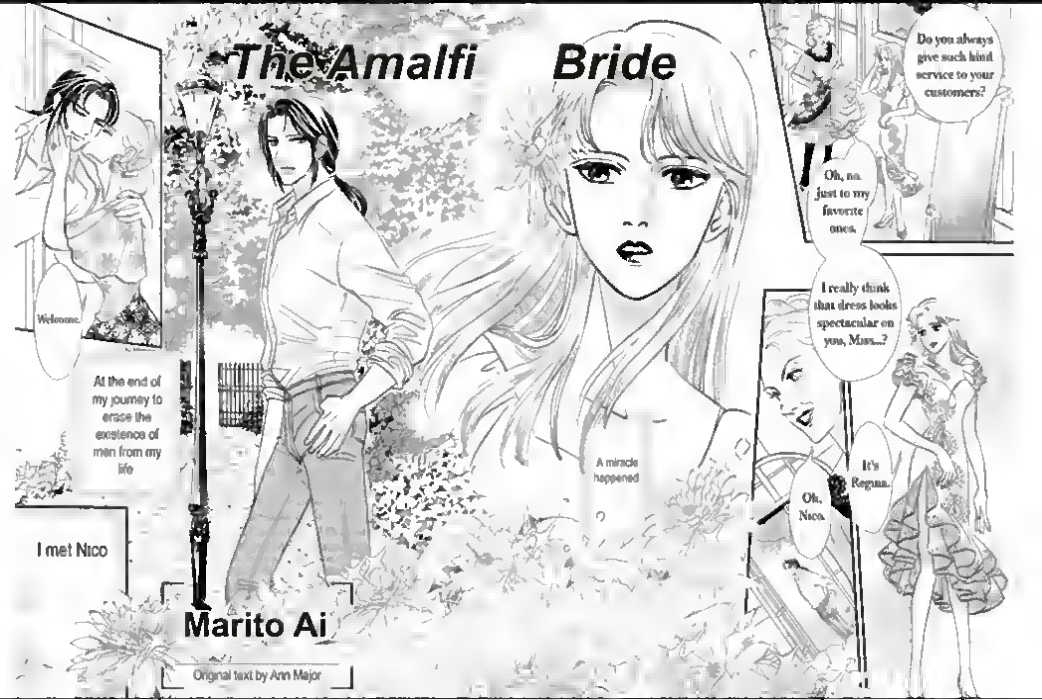
The Amalfi Braide

Original Text by Ann Major

Marito Ai



you should pick one flower from this magical garden.
Every day, while you're here,
It's not like I believed something so childish ..
I promise you a miracle will happen.
But...
Thank you.



The Amalfi Bride
Welcome.
At the end of my journey to erase the existence of men from my life
I met Nico
A miracle happened
?
Do you always give such kind service to your customers?
Oh, no. just to my favorite ones.
I really think that dress looks spectacular on you, Miss...?
It's Regina.
Oh, Nico.

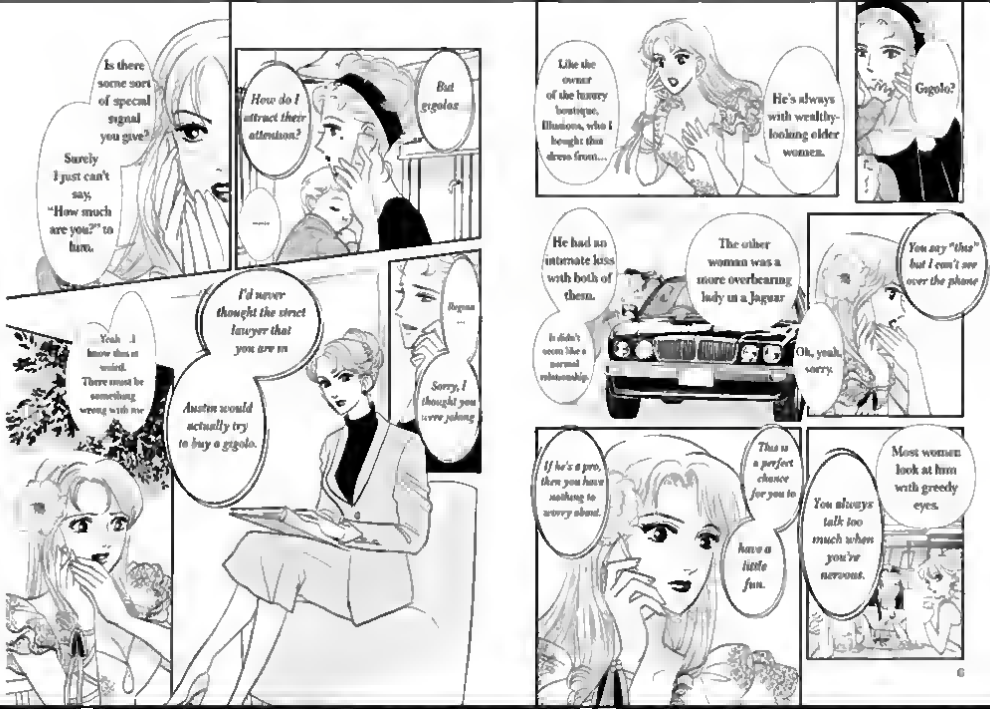
Hello, Regina. How's your trip?
Lucy?
That I'm trying to seduce a gigolo!
What happened to that man you're after?
but I don't know what to do.
He's right next to me
I.. ..think he's a gigolo.
Thud
Thud
Have I gone mad?
Thud
Wearing such a flashy dress I would never consider putting on
What am I doing?



Is there some sort of special signal you give?
Surely I just can't say, "How much are you?" to him.
How do I attract their attention?
But gigolos
I'd never thought the strict lawyer that you are in
Austin would actually try to buy a gigolo.
Yeah ..I know this is weird. There must be something wrong with me
Hogwa ...
Sorry, I thought you were joking
Like the owner of the luxury boutique, Illusions, who I bought this dress from...
He's always with wealthy-looking older women.
Gigolo?
He had an intimate kiss with both of them.
It didn't seem like a normal relationship.
The other woman was a more overbearing lady in a Jaguar
You say "this" but I can't see over the phone
Oh, yeah, sorry.
If he's a pro, then you have nothing to worry about.
This is a perfect chance for you to have a little fun.
You always talk too much when you're nervous.
Most women look at him with greedy eyes.

I've never been so attracted to someone
In all the 33 years of my life
Bye, Regina.
Beep
I still want him
No matter who he may be
Signorina.
A lust that makes me feel like there s something wrong with me
If you want to play around, then have some fun.
Yes.
I know, Lucy. I won't forget.
But don't forget, Regina...
About plan E-521
There's no need for men in either of our lives right now.

Are you scared of me?
Swig
Rattle
Would you mind if I joined you?
Chatter
Mur-mur
Mur-mur
I don't need safety right now
I wish I could say
I won't do anything against your will.
Don't worry, you're safe.
This is the first time I've done anything like this.
I'm scared of myself...
They must know who he is and sense my lust for him.
Not at all.
No.
The whole restaurant is watching us.

But please don't hesitate.
I am only a man, after all.
Yes, of course.
Seems like I was right.
Such skill in his wording. He's not just a pretty face
He's so good at luring women. He must be at the top of the gigolos.
You're good.
I'm only a normal man, who was entranced by your beauty, from the moment we met in the garden.
Is it okay to use my real name?
I'm...
My name is Nico Romano.
In Italy, Karla means "the one whom you love."
It's a perfect name for you.
My mother calls me Karla.
Ka. Kalina.
I guess my middle name is all right
you're doing this, right?
aware of who I am and
...You're

I have to ask
How much?
Such a refined invitation
But
It's my wish, too.
Really?
to have a gigolo of his level for myself only
Another delicious dinner
I wonder how much it would be
It must be my job to buy this expensive champagne
Pardon me if I'm speculating too far but
I have to pay for here too
Oh no
I can use my credit card
won't enough
He paid
Are you going to make my wish come true?
Thud
I feel that we both have passionate feelings for each other.

Have I gone mad?
I'm really going to share a bed with a gigolo I met by chance
Should I not turn around pack my bag and leave for the airport?
I...
Erm, it's...
It's not like I have no prior experience with men, but it's the first time I've done anything like this so I don't really know what to do.
Nico will be nice enough to wait for me to get money out of the bank
Even if he claims it back later I'm glad he's paying in public.
You look beautiful, Karla.

I wonder if it's one of his customers.
An informal tone of voice
Ciao
Please.
Excuse me.
Someone he can t talk to here
I won't be long.
Please excuse me.
Hello?
Me as well?
Sir!
A phone call at a time like this
Can we have some champagne, strawberries and cheese, please?
Clack
He knows exactly what women want.
He s so generous
The view from here is amazing when the sun is setting.
Let's relax on the balcony for a while.

I said I bought some donor sperm, Dad.
What!
What did you just say?
I don't need a partner but I would love to have children.
I just want a child.
All I've done is study and work. Finding a good partner, going on dates and then having children... It's too late for me now.
I discussed this with my friend Lucy. We're both successful lawyers and we don't need a partner to help support us.

Oops. It slipped my mind...
How's Jena?
Of course I wouldn't.
You didn't forget about my twins' baptism, did you?
What do you mean "oh." You were supposed to call me today.
Oh, Susanna?
Soon. Be kind to your brothers
When are you coming home? It's so lonely without you.
Jena, are you being a good girl?
Auntie Regina!
Children are truly adorable
You're the first person I'm going to come see when I return.
I love you, Jena.

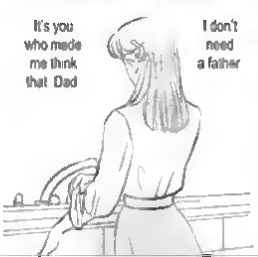
Regina, won't you think it over?
I'll never forget you said that when my sister was born
"A cute baby is born so I don't need you anymore."

It's you and Joe who made me think that, Suzanna
I don't trust men.
What if you meet the right man for you after, like Joe and me?

You say that as if you already forgot.
Joe used to date me and you stole him from me so easily

After much deliberation, I decided that the donor was a good match for me, too, so I bought the 8 bottles after her.
Lucy's already given birth.
Donor number E-321
Lucy found me the perfect donor.

You can't be serious! This is the first time I've seen you in ages and you come out with a thus...
just like family.
Even if there are no fathers, Lucy and I are going to support with other with jobs and lifestyles.

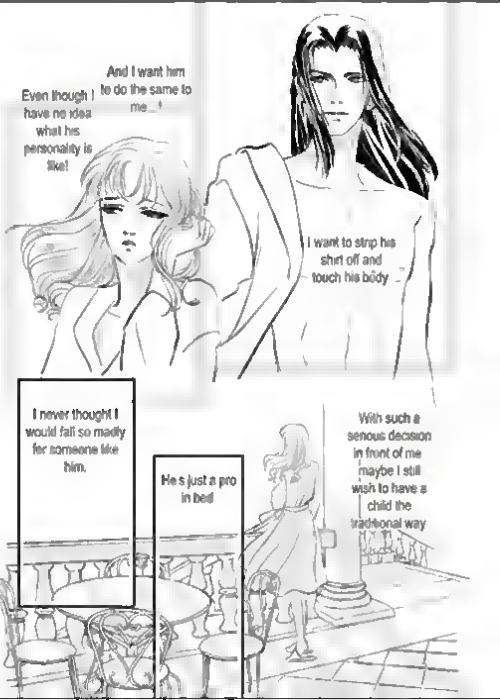


It's you who made me think that Dad
I don't need a father

You have family right here!

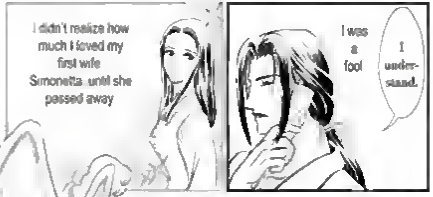
But
If I successfully fall pregnant with E-321, I won't have time for vacations.
Why don't you take some time off and go on a vacation? You might find someone nice along the way.
Regina, you work too hard.
That's the kind of person I am
Both you and him forgot about me
Er... Amalfi? In Italy?
Was there somewhere you wanted to go?
I never thought I would find love...like my mother and sister said
No.
This is lust
This isn't love
Get it together
I'll have some time away from my annoying family to think about it.
Yes. I guess you're right.

And,
Have you been in contact with Viola?
Not yet, Mother
...It won't make a difference if I extend it a little.
You were supposed to meet with her today and propose to her
Nico
I've been in love a few times
but this is the first time I've felt like this



Even though I have no idea what his personality is like!
And I want him to do the same to me...!
I want to strip his shirt off and touch his body...
I never thought I would fall so madly for someone like him.
He's just a pro in bed
With such a serious decision in front of me maybe I still wish to have a child the traditional way

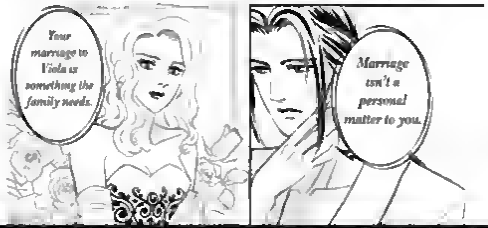
I don't mind you messing about with other women but
be careful not to date any ill-natured ones.
You don't seem to understand every time. That's why I'm saying it again.
You've told me many times.



I didn't realize how much I loved my first wife Simonetta until she passed away
I was a fool
I understand.
I thought I would never love again.
I married her for the family thinking I would love her. I never made her happy while she was alive.

You're a prince
Think about your position properly.

but I want you to realize soon.
I felt bad about your first wife dying in a car accident, so I let you do as you wished for a while.
With great privilege comes great responsibility.



Your marriage to Viola is something the family needs.
Marriage isn't a personal matter to you.

it's fine. No, I had to call someone, too.
I'm sorry for making you wait.
Wa.. Wait.
Because of my job, I feel weird unless I make things straight with people first.
So, er...
I'm a lawyer.
No, Well,..
Scared?
Even if I must propose to Viola tomorrow
Just tonight—
That was until I saw Karla.
I've never felt such strong emotions before

Oh, my
buy a gigolo.
It's my first time so I don't really know how to
I'm actually surprised myself
Please don't think I do this all the time.
But I don't know how else to say it.
I'm sorry, do you know that word?
Gigolo ?
How much
are you?
What?
I want to have you to myself.
If I can say what I want, for the 3 days of vacation I have left

I realized that means, as long as I pay, you'll keep even someone like me company.
I would be lying if I said I wasn't shocked by your occupation but

You must be a top-class pro.
Thank you. You're very kind.
I'm sorry, I say needless things when I'm nervous.
You shouldn't say "even someone like me."
One glance at you and I was entranced. That's how beautiful you are.

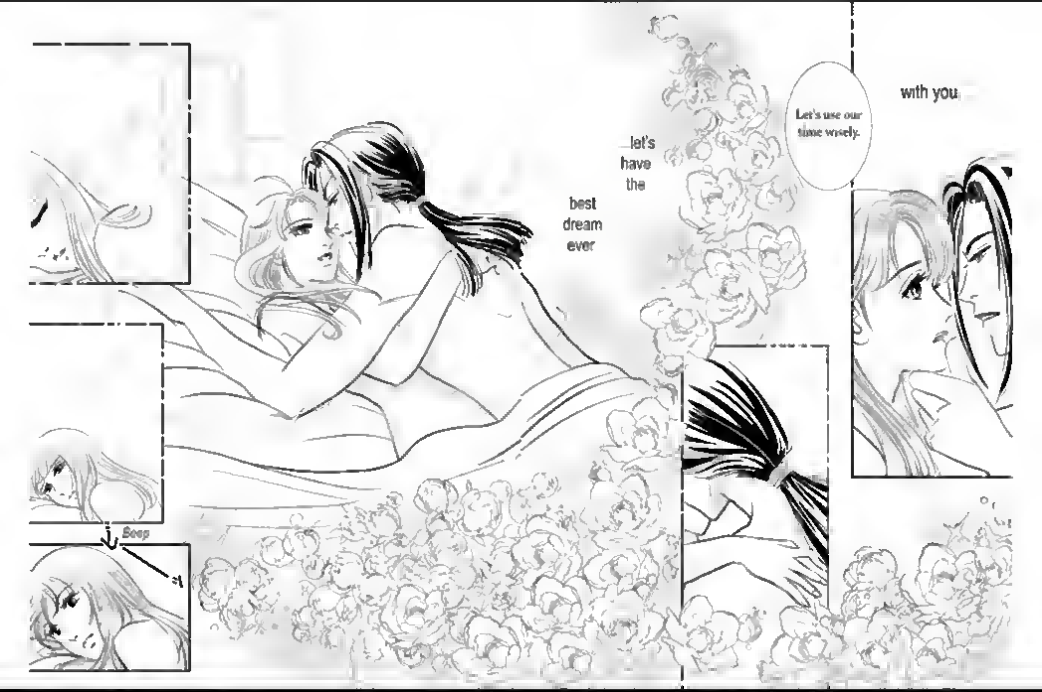
I saw you kissing wealthy-looking women outside that shop and the yacht-docking station.
I wasn't staring at you. I just happened to see it.

Ha ha ha
Karla thinks I'm a gigolo?
What made you think... I mean, how did you know I was a gigolo?

Oh, but your style is great
That's because I feel more comfortable in worn-in clothes
Compared to them, your clothes seemed worn so you didn't look like family.

That's my mother and aunt.

This will be the end for me, too.
I'll be with her as a gigolo, and say farewell as a gigolo.
I'll give you a special discount.
You can spend 3 days with me and judge for yourself how much you should pay.
3 days—
But that's...
Just be quiet.
This is the last thing.
Then I can finally end this journey.
For 3 days.
I want to live the best dream possible with you.
No matter how attracted I am to this woman I cannot consider a real future with her
Okay, then
Then I guess
Excuse me, but could you tell me how much 3 days would be?
But I don't know if I can afford it.



Let's use our time wisely.
with you
let's have the best dream ever
Soap

A pathetic man.
That's notreal love. It was the right thing to say no to his proposal.
Thank you.
He said "You're frigid but you look down on men. A despicable woman."
I thought we were too unmatched and turned down his proposal.

Come to the balcony, princess.
Did we order room service?

She passed away two years ago.
You were married?
I was in love with my wife.
Have you truly been in love?

Are you okay?
Yes, I'm fine.

Rustle

I don't think so!
It's because you're sensitive
I got told by my ex that I was frigid.

My back gave way...
You were so good...

To my stepmother, it didn't matter if she was her real mother.
My mother was ashamed of her
But she's the black sheep of the family so I was banned from seeing her
She left the house after my grandfather died.
You've already met her
Ha ha
I didn't even know
Of course not.
—Is your family aware of what you do?
My grandmother would understand different forms of love.
They wouldn't accept it even if they found out?

...
I think you're right.
It may have been a sad end,
but it I think it's a good thing you met her
...Is that so...
I'm honored. Your grandmother must be a lovely lady.
I'm not necessarily optimistic but
You remind me of my beloved grandmother
You're very bright and optimistic.

Let's have a picnic tomorrow.
A picnic?
There's a wonderful walk I'd like to take you on.
Will we be okay for time?

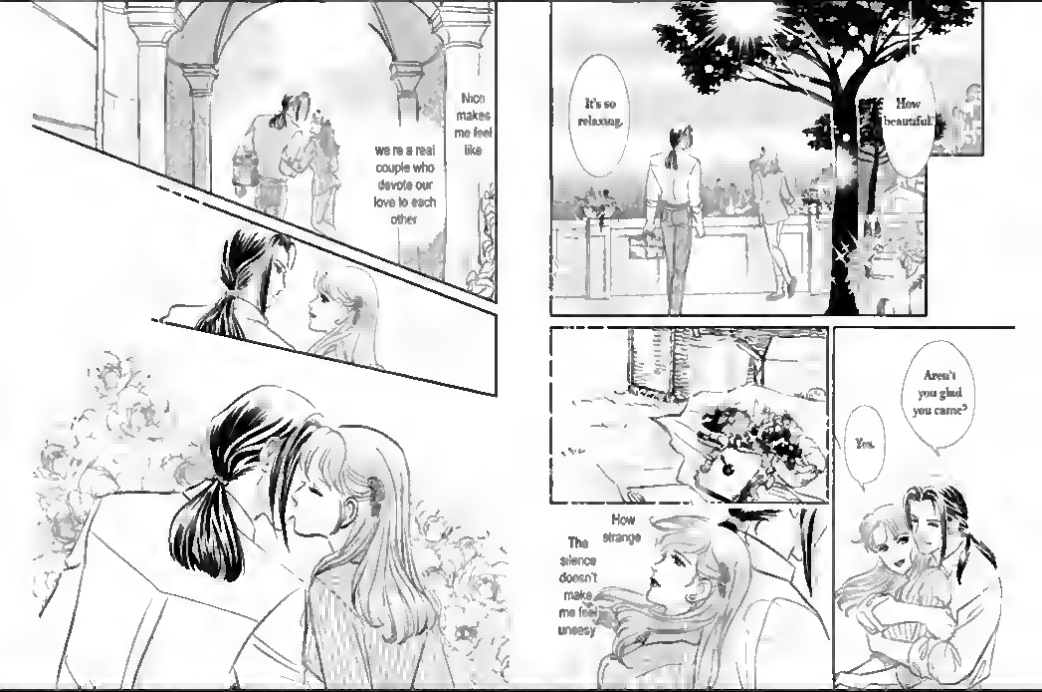
We have plenty of time at night.

But my mother is different.
I don't think my family really cares for me.
I don't know
Are you close to your family?
What about you?
No one can forget you.
If I didn't go home for another week, they'd probably forget about me.



Nion makes me feel like
we're a real couple who devote our love to each other
It's so relaxing.
How beautiful!
How strange
The silence doesn't make me feel uneasy
Aren't you glad you came?
Yes.

Yes. No one will disturb us so don't worry.
Is this your boat?
Wait...
...Nico.
Would you like to ride a boat?
The sea is beautiful.
I want to be alone with you right now.
I do, and right now.
If you want to.
his wife who passed away was rich

Can gigolos earn that much?

My heart is fulfilled and
that I feel so comfortable and easy.
This is the first time in my whole life
It's also the first time I've been held and felt so fulfilled
This is the first time I've wanted someone's body so much and
Or is it the other way around?
your heart is fulfilled so much, too
I didn't realize that if your body is fulfilled,

Click
Yes?
I'll get it.
It's room service.
Who is it?
?
You really are a pro at healing women's hearts.
These 3 days, I've been so happy in your arms.
That can't be true.
I don't think I can ever pay you for everything you gave me.
That's the first time someone's said that to me.
Beep
To me, our time together was priceless.

They said, "Prince Nico."
What's happening, Nico?
Prince
It's the paparazzi. Hurry and bring me some bodyguards.
I'll explain to you in the car, but for now I need you to pack your belongings.
I'm sorry... I haven't been completely honest with you.
I have to get you out of here safely.

Get in.

Please hurry.

If I heard correctly, they said, "Prince."
Why is the paparazzi after you?

Then I can finally end this journey. This is the last thing.
That moment...
I thought I could just extend this life for 3 days.
For 3 days. I want to live the best dream possible with you.
I did live the best dream ever.
For those 3 days
times I wished I was, after meeting you.
You don't know how many
.. You're kidding..
The day we met, I was supposed to see my second wife-to-be and propose
to her to start a marriage with no love.
As a prince, I had to marry to protect my family and status.

I'm Nico's mother.
My name is Principessa Donna Gloriana Lucia Romano.

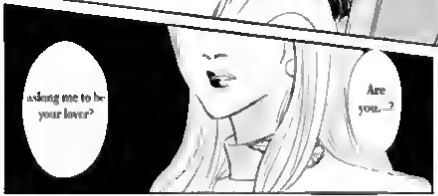
you must understand the problems you have caused.
You may have not meant any harm but
You must know your relationship with him causes everyone trouble.
Nico has a very important proposal ahead of him.

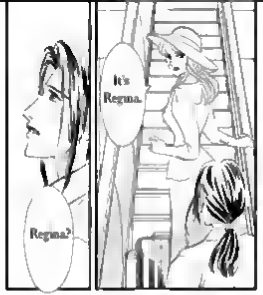
She feels the same as me.
This marriage is purely for show. There is no love.
You don't have to worry about that, Viola won't get hurt.
The only thing necessary is an heir to the throne. My job is also only to have an heir.
To my mother, marriage is just a contract that has nothing to do with emotions.
When my father passed away, my mother wasn't sad.
I tried to believe it, too.
My mother doesn't understand my sorrow of losing my wife, either
The last thing I wanted to do was hurt you.
I'm sorry I got you involved in my family relations.
Karla.
Nico ... Not only do I have to consider your future, but your fiancée's, too.
No one considered how I felt after my sister took my partner
How would she feel if she found out about me?

Because I want to be with you too

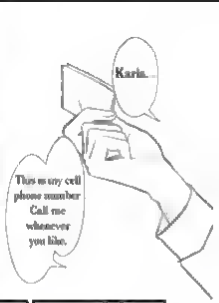
If you asked me again I probably wouldn't have been able to refuse



Please act happy in front of the press, Nieu.
This is the end. The end of everything
I'll awake from my dream.
come back to reality and deal with E-321



Regina?
It's Regina.



Karin.
This is my cell phone number. Call me whenever you like.

Good-bye.
You know I couldn't phone you
To me, you'll always be "the one whom I love."
Kahua as my middle name. I'm Regina Kahua Tomea.

How many children do you plan to have?
When is the wedding taking place?
I don't want to hurt her anymore.
Viola's a human being, too.
Congratulations on your engagement, Prince Nico.
No.

It's all wrong
She's right.
Her wealth and looks are fit for the Romano family.
Viola's not only rich but stunning, as well.
That's fine
I'll give up everything and carry out my duties
Letting Regina go like that.
I'm disappointed in you, Nico.
No
Smile
She would fit in the palace like a marble sculpture.

You're more like me than your mother.
You've always been like that, ever since you were a mischievous child.

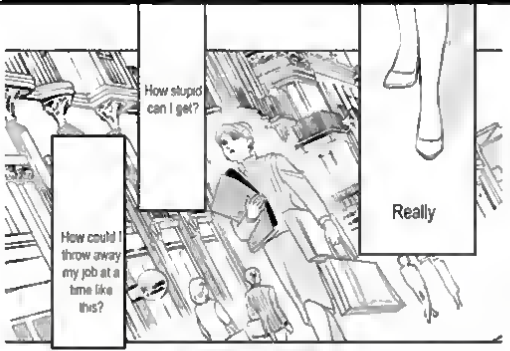
Who is this, Viola?
Hello?
Karin?
I forgot about the time difference.
I was so shaken up.
I'm sorry.

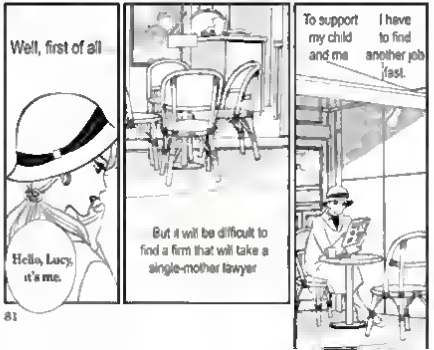
I never considered the father being someone I loved from the bottom of my heart
and that he would be so desperately out of reach.
I can raise a child without anyone's help
That's what I thought from the beginning but
We were using contraception.
Well I know it's not 100% but.
That I'm bearing his child.
What would Nico himself think?
What would Nico's mother say?
No
I'm scared
Yes.
Regina,
can you look at this and devise a counter-move?
I don't know what to say
I don't know what to do

Did you not hear what I just said?
it's not a matter of winning the case. We could cause more casualties!
But if these documents are telling the truth,
If you want to continue your allegations, then I have to ask you to go to a different firm.
Okay, Miss Torres.
I did hear you, but I object. This internal informer is serving true justice. The people who will be affected first will be the elderly and young children.

Robert!
and I'll phone him when I've calmed down
Yes I'll concentrate on work for a while
We have to make them stop at once!
it's clear that the Black Bow Company is releasing carcinogenic substances into the sewage lines.
According to this,
It's our job to get rid of the internal informer who threatens to leak this information.
The Black Bow Company has hired you.
You've got to understand
Regina



How stupid can I get?
How could I throw away my job at a time like this?
Really



Well, first of all
Hello, Lucy, it's me.
But it will be difficult to find a firm that will take a single-mother lawyer
To support my child and me I have to find another job fast.

No Regina
There're enough lawyers who want to work with us.

And the fact that you got a job at the top law firm in all of Austin is the only prize in life you have.
You can't lose your job at a time like this.

But...
I understand.

Even if this is my job, there re some things I can t let go.
I won't come back. Thank you for having me.

What is it?
I have a favor to ask you as a respectable lawyer.
I have all the material for you. I think you can win, Lucy.
That's a powerful opponent.
Your opponent is the Black Bow Company.
I want you to help out a brave woman who's going after a company that's committing illegal acts.
I don't have that power anymore.
why don't you fight them yourself?

Do you want to fight me as a lawyer in court?

You have to smile.
You really thank I should be happy marrying someone who hates me so much?
You don't seem happy.
I'm going to meet your family now Get your baggage ready.
I have a plane ready for you for the morning.

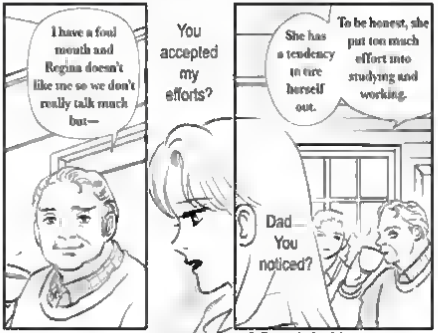
You're lucky, Prince.



I have a foul mouth and Regina doesn't like me so we don't really talk much but—

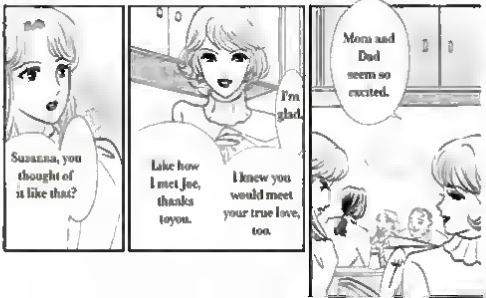
She has a tendency to tire herself out.
To be honest, she put too much effort into studying and working.
Dad... You noticed?

The generous Nico and the coldhearted Nico

Which one is real?



Susanna, you thought of it like that?
Like how I met Joe, thanks to you.

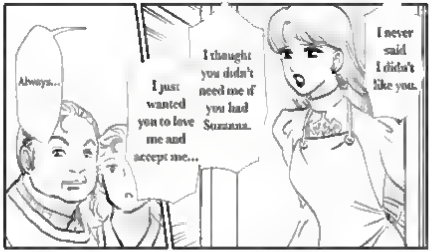
I'm glad.
Mom and Dad seem so excited.

The wedding will be carryed out in the palace with close family members. We're not asking your family to come so please don't think otherwise.
If this was a marriage out of love, I would be able to accept any hardship.
How did it all come to this?



Always...
I just wanted you to love me and accept me...
I thought you didn't need me if you had Sumana.
I never said I didn't like you.

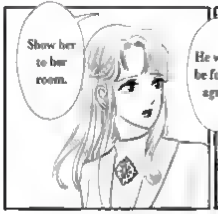
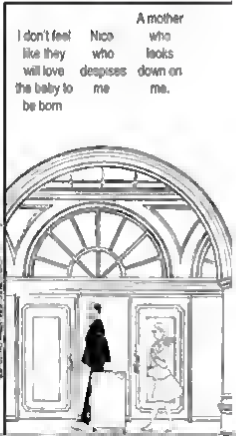
After all, it's only for a year.

On the day I have to leave so suddenly
For the first time today, I realize that.
Yes.
You have a good family



They care more about the royal bloodline than love



Does that mean .. You still have some feelings for me?

The miracle flowers must have worked. Now don't just stand there. Come in.

But I must say, I've never heard of the prince getting so angry before.
It must've been hard.
My, my, I didn't realize it was under such circumstances.

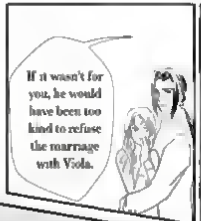
It's common for worry to turn into anger.
The amount of his anger is linked to the amount of his love.
You wouldn't worry so much if it wasn't someone you loved.
I wouldn't say he hates you.
It's the first time in my life I've loved someone so much and been hated so much.
I can't believe it's the same person.

I can say whatever I want to my imagination
Of course! It's strange that you won't believe me!
Can I really believe that you truly love me?
like a beautiful sculpture
He stood here
Would you ever want the person you love to think that?
I was determined for you to not think I was after you for your money.
I guess, because of the timing of everything, it was easier for you to doubt me but
I can even imagine it now as if it was real
and you're talking back at me?
You wouldn't listen to me. You're an imagination
Why didn't you just say that?
My imagination can talk?
Karla.

You really do over-think everything.
First a gigolo, now an imagination?
You're real?
Nico..
I may be unemployed now but I'll find a job soon enough.
I would be able to look after the baby and even you, too.
I don't know how to show my love any other way.
I wish you weren't a prince.
Will I ever get a chance to prove my love?
I can really trust you?
What? This strong warmth
My anger has calmed a little and I can think straight now
I didn't think you were capable of using people.
But I'm the same.

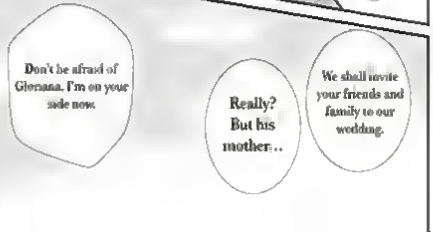
I regretted being so angry at you and taking away your freedom.
I knew I should let you go if you wanted to return to your family,
but I didn't want you to leave so I said it in such a horrible way.
Nico
If I said I'd rather be with you than my family,
would you believe me?
I was going to get on my knees and beg that of you.

Oh, dear how rude of me
I guess I did manage to hear the truth
Didn't you consider the other customer was also family?
You knew that you mistook his mother as a gigolo customer.



If it wasn't for you, he would have been too kind to refuse the marriage with Viola.

Please forgive Nico's rage and for not believing in you.
Thanks to that, no matter the state of affairs, he managed to break free from the royal family framework.



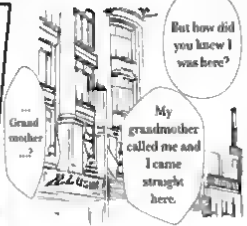
Don't be afraid of Giovana. I'm on your side now.
Really? But his mother...
We shall invite your friends and family to our wedding.

But if possible, instead of having the baby in America, I want you to come with me to my home in the suburbs of Florence.

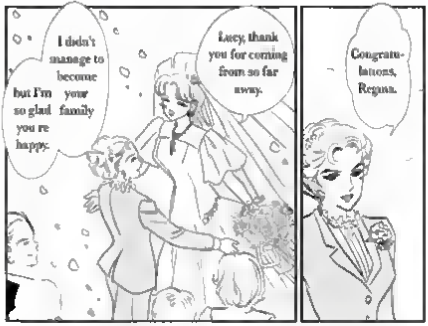
Nico...!

Well
Excuse me?
I am the president of three companies.
I don't need you to look after me even if I'm not a prince.

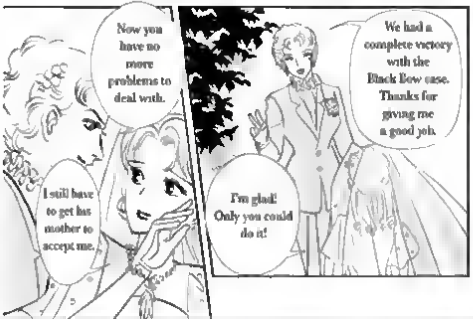
What!
What?



... Grand mother ...?
But how did you knew I was here?
My grandmother called me and I came straight here.



I didn't manage to become your family but I'm so glad you're happy.
Lucy, thank you for coming from so far away.
Congratulations, Regan.



Now you have no more problems to deal with.
I still have to get his mother to accept me.
We had a complete victory with the Black Bow case. Thanks for giving me a good job.
I'm glad! Only you could do it!

Look the way Princess!

I threatened. . I mean, persuaded her that if she doesn't listen to my wishes, I would never marry and have an heir to the throne.
I can't believe your mother agreed to living separately.
